

Company Credit Policy

2025-26

Rationale

The Credit Policy encourages students to focus on job applications for companies they are genuinely interested in. By strategically applying, students can dedicate more time to researching companies and preparing for interviews, thereby maximizing their chances of receiving a job offer. This focused approach also helps students identify and commit to a specific career path.

For companies, this policy results in a more curated pool of applicants who are genuinely interested in the specific roles offered. This increases the likelihood of successful placements and a better fit between students and employers.

Credit Policy

Each student will be allocated 150 credits at the beginning of the placement season. A predetermined number of credits will be deducted for each company application, based on the following categories:

- Day 1 Companies: 6/4 Credits*
- Day 2 Companies: 3 Credits
- Day 3 Companies: 2 Credits
- Day 4 Onwards: 1 Credit
- STEP (Walk-ins): 0 Credits

*The division of firms between 6/4 credits will be decided by the Slotting committee and said decision will be final.

This credit policy will be in effect until a date specified by the Placement & Internship Cell. After this date, students may apply to an unlimited number of companies without credit deductions.

Credits will be reimbursed automatically in case a student does not make it to the shortlist, but only for all shortlists prior to the final interview/GD shortlist.

Credits will not be reimbursed if a student appears for a test and doesn't make it to the GD/Interview shortlist or is rejected from the final interview/GD shortlist.

Note: If a company withdraws from the placement process, the credits used for that application will be reimbursed to the students. If a company reschedules its interviews for any reason verified by the Placement & Internship team, the original credit deduction will remain valid.

Students

Students will be provided with:

- Slot-wise company information in the Bluebook.
- Statistics about eligible companies based on their department.

Students will be able to track:

- Their remaining credit balance.
- The number of credits deducted for each application.
- The number of current applicants for all job profiles.

Bonus credits / Incentive Points

Students can earn additional credits by participating in preparatory activities organized by the Placement & Internship Cell. The specific incentive points for each activity will be announced prior to the event on email.

Incentive points	>40	>70	>100	>120	>150
Extra credits	10	20	25	30	40

Incentive points shall be accrued on a discrete basis. Conversion into credits will be permitted only upon crossing the defined threshold.

Placement Integrity Violations

The purpose of this policy is to maintain and uphold the principles of integrity within the placement process of IIT Madras. This is to define and address the consequences for students found engaging in dishonest practices during offline tests, including the use of phones, copying, and taking remote offline tests. Students found engaging in any of the following activities during offline tests will be considered in violation of this policy:

#	Violation	Penalty Credits	
		First Violation	Second Violation
1	Malpractice during Tests	20	30
2	Taking remote offline tests*	10	30
3	Absenteeism in Tests	5 Per Violation	
4	Misbehavior during PPTs	20	Deregister
5	Walking out of a PPT	5	10

6	False Attendance Entry	20	40
7	Dress code Violation	5 Per Violation	
8	Disruption of Offline PPTs/ Tests/ Interviews	20	40
9	Contacting HRs during selection process	50	Deregister
10	Misbehavior with Company representatives	50	Deregister
11	Disclosing Sensitive information to Company Representatives	50	Deregister
12	Missing Mock GD/Interviews on Purpose	15	-

The Advisory Committee, comprising professors and student team members, will conduct **surprise visits during the tests**. Any student found in violation will be subject to strict disciplinary action as outlined above.

Any student who commits **more than three violations will be permanently deregistered** from the placement process.

Students may appeal a penalty by approaching the Placement Office and Advisors. However, if the appeal is unsuccessful and the student is found guilty, stricter penalties may be imposed in consultation with the Placement & Internship Advisors.

Appendix

Comparison of Policy with other IITs

1. IIT Bombay: A student shall be entitled to sign a maximum of 40 regular JAFs during Phase I of Placements i.e. from July '20 to a date that shall be specified later by the placement cell. Post that date unrestricted regular JAF signing would be allowed.
2. IIT Delhi: A student can apply to a maximum of 50 companies up to 1st December. He/ She can apply to an infinite number of companies from 2nd December onwards till the end of placement season for that year subject to certain conditions.
3. IIT Kanpur: The maximum number of applications for any student on the placement portal before November 10 is 50. In case the count increases beyond 50, the student will not be able to apply to any other company.
4. IIT Kharagpur: No prescribed limit
5. IIT Roorkee: Registered Students will be awarded 100 Points and 2 Points will be deducted for each company they apply
6. IIT Guwahati: Each student will be limited to 55 applications before the Phase 1 interviews of the Placement process. Applying for 1 profile in 1 company counts as 1 application. Students who remain not placed after phase 1 shall be allowed to sit for any number of companies in the subsequent phases of the placement session that academic year.
